

To the Men of St. Mark Community Church:

*“The godly walk with integrity; blessed are their children who follow them.”*  
(Proverbs 20:7)

Ok so I'm an old fashioned girl. I had a blessed and fulfilling childhood. As a child I saw the men in my family as the backbone, the protectors, the providers. I felt safe when my dad was home and I always felt loved and secure.

Our Father God took on that role for me as I grew into a woman and could look back and understand that my father was merely reflecting the love of God when he was caring for our family the way that he did.

I view the men of St. Mark Community Church in a similar way. For me and for our church family, you have been like strong pillars of faith, undergirding this entire ministry. When I think of you I see you, whether you were sitting, standing, serving, helping, working or just being there, you were ready at any moment to assist in any way.

Thank you so much for supporting Pastor Romes and providing such a strong presence and a circle of support that enabled him to minister without added stress or distractions. When you supported him it sustained our families, both home and church.

Thank you for reflecting God's love towards your church family. Thank you for being good husbands to your wives, good fathers to your children and responsible, upstanding men of God. Because of who you are and what you do, we all can look forward to the future with hope.

May God bless you in every way. We both love you.

Happy Father's Day!

Love,

Sis. Romes
